

Tarrant County College Certified Nurse Aide Program Information Packet

Approved by the Texas Department of Health and Human Services

COURSE DESCRIPTION:

The Certified Nurse Aide (CNA) Training Program is a 100-hour course. It is a noncredit certification program that awards CEUs upon successful completion of all course work and clinical hours. This entry level healthcare program prepares participants to provide patient-centered care for residents at long-term care facilities. Participants are eligible to take the nurse-aide state examination upon completion of the program. To become certified and listed in the CNA Texas Registry, participants must complete the 100 hours, successfully pass the written and skills performance requirements.

The program has two courses that total 100 hours; attendance, adherence and completion of all classes and assignments is mandatory to be eligible for the State examination.

Lecture:

NURA-1001: 60 contact hours (6.0 CEUs) Tuition: \$339
(NURA-1001 is the prerequisite for NURA-1060)

Clinical
